DEFNE KİMYEVİ MADDELER

Since the 1970's we are an international foreign trade company. Through our vast years of experience and our partnerships we developed a successful business model and a good understanding for emerging markets based on our flexibility both financially and logistically allowing us to contribute to sustainable and long-term business with our partners.

We look to meeting the needs of our partners and customer satisfaction as a key indicator for our success. In Defne we deliver what we promise, and we are a full supportive and transparent partner. In short we are your reliable business partner

Defne strength points:

- Extra ordinary relations with trusted suppliers and customers.
- Deep understanding for the markets we operate in.
- Problems solving mentality and approaches.
- Flexibility.
- Multicultural and diversified team.

We target Emerging Markets:

While others consider it as a challenge, we in Defne target these markets and consider them as an opportunity. We proudly claim a full understanding for business circumstances and dynamics in Emerging Markets.

In Defne, we define:

- Customers and suppliers: as business partners.
- Profit: a maximized gain and benefits for all parties involved.
- Losses: shared fairly, Lessons for future operations.
